One tool for all your classroom resources

♥ Deliver instruction that's as differentiated as your students

- Use 25+ accessibility features, including Read Aloud, Translation, Dyslexia Font, and more, to reduce student barriers to learning.
- Assign unique accommodations to a student (or a group of students) to create differentiated versions of the same resource.

The 'Accommodations' interface is divided into two main steps:

- 1 Select Students:** Shows four student avatars for selection.
- 2 Choose Accommodations:** Shows several options:
 - Extra Time:** Represented by a clock icon.
 - Translate:** Represented by a document with a speech bubble icon.
 - Dyslexia Font:** Represented by a 'Dys' icon.
 - Read aloud:** Represented by a megaphone icon.

📊 Get results with actionable data

- Access real-time feedback on student performance with detailed student-level and class-level reporting.
- Learn where students are struggling to tailor your instruction.

The performance reporting section includes:

- Student Profile (Rita):** Shows an accuracy of 80% with a progress bar, a rank of 1/20, and a score of 17.
- Recent Student Performance:** A line graph showing performance trends from December to January.
- Score Table:**

Participant	Score	Q1	Q2	Q3
Jamie W	2630	85%	83%	65%
Edwin Martins	2600	✓	✓	✓
Darrell Steward	2520	✓	✓	✗
