

The Learning Experience Platform That Transforms Elementary Instruction

Trusted and Loved by 25 Million Educators, Students, and Families

Seesaw is the only elementary Learning Experience Platform, that offers a suite of award-winning tools and curriculum to deliver joyful, inclusive instruction through interactive lessons, digital portfolios, and two-way communication features.

Seesaw keeps everyone in the learning loop with continuous visibility into the student learning experience to support and celebrate their learning.

Centralize your implementation efforts to save time and money!

The impact was astounding! With Seesaw, our students could showcase their work in ways we hadn't imagined before. Photos, videos, and written assignments came to life on this platform, allowing for a comprehensive view of their progress. Not only that, but Seesaw also opened up seamless communication channels between students, parents, and teachers.

- Fifth Grade Teacher
Melissa S. Neville, Pennsylvania

Schools & Districts Use Seesaw For	
	Instruction: Enable teachers to deliver high-quality, standards-aligned supplemental instruction that encourages student voice and choice (including front-of-class, centers/stations, independent work). Lessons are aligned to 30+ core curriculum publishers.
	Family Engagement: Engage families in the learning process through inclusive two-way communication with text translation options in 100+ languages. Families gain insight into their student's work and a window into the classroom.
	Digital Portfolios: Capture learning completed within and outside of Seesaw through digital portfolios that showcase daily, quarterly, and yearly student growth.
	Assessment & Data-Driven Decisions: Routinely assess student learning to glean meaningful insights into their understanding and make data-informed instructional decisions. Schools can also create custom auto-graded formative assessments with detailed reports.
	Accessible & Differentiated Learning: Enable developmentally appropriate, accessible, and differentiated instruction to reach and engage all learners, and meet legal requirements for Multilingual Learners and Special Education students. Schools can support IEP & 504 accommodations and paperwork.
